Select the correct Application Drive (1) and scroll down to the bottom (2)

* We can choose which Application to use,

The screenshot shows the Google Takeout interface. At the top left is the Google Account logo. The main heading is "Google Takeout" with a sub-note "All communities included". Below this is a section titled "1 Select data to include" with "1 of 54 selected" items. The first item is "Currents Communities" (unchecked). The second is "Data Shared for Research" (unchecked). The third, "Drive", is checked and highlighted with a red box; an orange arrow labeled "1" points to it. Below "Drive" are "Fit" (unchecked), "Google Account" (unchecked), and "Google Business Profile" (unchecked). On the right side, an orange arrow labeled "2" points downwards.

press the Next Step button

← Google Takeout

1 Select data to include 1 of 54 selected

Tasks
Data for your open and completed tasks. [More info](#)

JSON format

Voice
Your saved Google Voice call history, messages and voicemails as well as current linked numbers. [More info](#)

Multiple formats

YouTube and YouTube Music
Watch and search history, videos, comments and other content you've created on YouTube and YouTube Music [More info](#)

Multiple formats All YouTube data included

Next step

2 Choose file type, frequency & destination

Export progress

Select Export Once (1) to export once, then select the data type as zip, size not over 2GB (2)

, then press the Create Export button (3)

2 Choose file type, frequency & destination

Delivery method

Send download link via email ▾

When your files are ready, you'll get an email with a download link. You'll have one week to download your files.

Frequency

Export once

1 export

Export every 2 months for 1 year

6 exports

File type & size

.zip ▾

Zip files can be opened on almost any computer.

2 GB ▾

Exports larger than this size will be split into multiple files.

Create export

when the Create Export button is done. The system will inform you that the export is in progress.

← Google Takeout

Your account, your data.
Export a copy of content in your Google Account to back it up
or use it with a service outside of Google.

CREATE A NEW EXPORT

- ✓ Select data to include 1 of 54 selected
- ✓ Choose file type, frequency & destination

Export progress

🕒 Google is creating a copy of files from Drive
This process can take a long time (possibly hours or days) to complete. You'll receive an email when your export is done.

[✕ Cancel export](#) [+ Create another export](#)

When the system has successfully exported, there will be an email alerting us that we can open the email and download.
